ABOUT ME

Fourth-year Computer Engineering student at Çanakkale Onsekiz Mart University. Experienced in data processing and software development. Interested in Data Science, Artificial Intelligence, and Machine Learning applications. Proven teamwork and organizational skills through leadership in IEEE Computer Society and hands-on project experience during my internship at Bosch Sanayi ve Ticaret A.Ş.

EDUCATION

2022 – Present Bachelor's Degree in Computer Engineering — Çanakkale Onsekiz Mart University

WORK EXPERIENCE

Intern — Bosch Sanayi ve Ticaret A.Ş., Bursa Jul 2024 – Aug 2024

- Developed a Microsoft Access database to digitize and centralize departmental records, enabling faster data retrieval and more reliable storage.
- Implemented structured forms and automated report queries which reduced manual report preparation time.
- Collaborated with the QMM(Quality Management and Methods Department) team to gather requirements and validate data integrity; delivered documentation and a short user guide for handover.

PROJECTS

Okey Tile Detector [GitHub Repository](#)

Developed an AI-based system capable of detecting Okey game tiles in real-time using a webcam feed. Implemented with the YOLOv5 model for object detection and Python-based computer vision libraries.

MEMBERSHIPS & ASSOCIATIONS

Chairman, IEEE COMU Computer Society Mar 2024 – Sep 2024

Organized events and technical workshops related to computer science.

SKILLS

Technical Skills Python Libraries (TensorFlow, NumPy, Pandas, Matplotlib, Keras, SciKit-Learn) — MS Office (Word, PowerPoint, Excel, Access) — SQL
